## Old Hammondtown School Mattapoisett Band to Play Tanglewood

On Saturday, April 1, the Old Hammondtown Elementary School Concert Band under the direction of Stan Ellis, attended its tenth straight MICCA (Massachusetts Instrumental And Choral Conductors Association) competition at Foxboro High School. OHS came away with its sixth gold medal in a row and as a reward for that medal the band has earned a chance to play at Ozawa Hall at Tanglewood in Lennox, MA on Sunday May 7.

Performing three pieces of music — "The Black Hawk March," "Soldier's Procession," and "Ancient Irish Hymn" — OHS was the only elementary band to compete at the MICCA festival. All the other bands were primarily junior high school and high school organizations. MICCA holds the competitions for several hundred concert bands and choirs in five different locations on three separate days and gold medalist groups get a chance to perform at Symphony Hall in Boston or at Ozawa Hall at Tanglewood.

"We chose the Tanglewood location simply because of the timing," explained Mr. Ellis. "The Symphony Hall date was the Saturday of April vacation and a lot of children would be away."

"I like the MICCA competitions because it gives the children a chance to see what competition is like without being a winner-take-all situation," Mr. Ellis said. "The children are only being judged on how well they play their own music and are not judged against other bands. I believe it is very important for children at this age to learn responsibility and accountability without the unnecessary pressure of a one, two, three situation. The judging is fair and you may have several different groups taking home the same medal."

"At the junior high and high school level, head to head competition is fine. I also get judged on how well I rehearsed the band and how appropriate the music is for the band and that is always interesting to me. It often effects how I teach the band the rest of the year and always in a positive fashion."

The Old Hammondtown School Band will take the stage at Tanglewood on May 7 at 11:20 am. The same three performance pieces will be played.

**ORR Junior High Principal Selected**

Superintendent Elizabeth A. Quinn is pleased to announce that Mr. Stephen Helman, currently the Principal of George Fisher Middle School, has been appointed to the Principalship of Old Rochester Regional Junior High School, effective July 1, 2000.

Mr. Helman brings excellent credentials and experience to Old Rochester. He holds a Bachelor's and Master's degree in Secondary Education/Social Studies from State University of New York (SUNY), and a Certificate of Advanced Graduate Study from the same university. He taught at the junior high level for 19 years in the Arlington CSD, New York schools and was Assistant Principal at Poughkeepsie Middle School before assuming his current role in 1989.

Mr. Helman's references comment that Steve "maintained one clear focus: 'Is what we're doing or considering doing, providing the best educational experience for our children?' His passion for working with middle level students is evident in everything he does ... He has a depth of understanding of the instructional process and a clear picture of what that looks like in a classroom ... Demonstrates a keen sense of humor combined with a serious concern for the instruction of children."

A committee of 18 students, staff, administration, parents, school committee members and the Superintendent interviewed six finalists from a pool of 35 applicants. Six members of that committee conducted a site visit at George Fisher Middle School, where they interviewed more than

thirty students, parents, staff, union officials, administrators, and members of the Board of Education. Steve was described as a person "With a very deep sense of integrity, who believes in the innocence of children; a good listener who is respected even in times of disagreement and stressful situations." People see him as a "man of principle who listens well and carries out decisions with sympathy and empathy ... who works well with parents, knows the students and understands why they are there."

Mr. Helman visited Old Rochester Regional Junior High School for a day on April 3. While there, he toured the school and met with staff, students, parents, and School Committee members. He was interviewed by the District Leadership Council, and was taken on a quick tour of all three towns. The day ended with a cookies and conversation social.

At a meeting on April 6, the selection committee reviewed the process, the candidates, the visits and reference checks. By clear consensus, they recommended to the Superintendent that Stephen Helman be selected for the position. He will be a most welcome addition to our District and our communities.

April 18, 2000

By Ilana L. Mackin

A regular meeting of the Marion Board of Selectmen was called to order on Tuesday, April 18 at 7:00 pm by Chairman Loretta B. Schaefer. Also present were Selectman Albert E. Winters, Selectman Jonathan "Jody" Dickerson and Secretary Helene Craver. Town Administrator Ray Pickles was not present for the meeting.

After the signing of weekly warrants and the granting of a special license for the Marion Arts Center, the board voted to accept the minutes of the April 11 meeting with no amendments or corrections.

At 7:05 pm the board met with Police Chief Lincoln W. Miller, who introduced two young gentlemen he recommended for appointment as Special Police Officers with the Marion Police Department. Chief Miller explained to the board that both applicants — Shawn J. Costa and Kevin W. Gelnnett — each have approximately three years of law enforcement experience that they will be bringing to the department.

Mr. Costa has been working with the Plymouth County Sheriff's Department and Mr. Gelnnett has been active in law enforcement as well as coming from a family of law enforcement careers with his father formerly serving with the Massachusetts State Police.

Chief Miller informed that board that both men are ready to begin cruiser and desk duty training immediately.

men as Special Police Officers to the Marion Police Department," said Chairman Schaefer, who added that both terms will expire on May, 31 2000 (under a six-week trial period).

With a few minutes before the next scheduled appointment, Chairman Schaefer conducted a review of this week's incoming correspondence.

In a letter to Chairman Schaefer, Susan S. Grosart notified the board that in light of Ben Bryant's decision not to run for re-election to the Marion School Committee, she was recently voted as its representative to the ORR Building Committee. Mr. Bryant will however still remain active with the Building Committee in a chairman capacity. Chairman Schaefer entertained the motion to accept Ms. Grosart to the Building Committee.

Chairman Schaefer reminded everyone that next week is Marion's Annual Town Meeting which will be held in the Fireman's Performing Arts Center of Tabor Academy on Monday, April 24 beginning at 6:45 pm. Copies of the warrant and the Annual Town Report are now available at the Marion Town House.

The Department of Environmental Management (DEM) sent a letter of congratulations to Selectman Dickerson as Marion has been named Tree City USA for the third consecutive year. "We applaud your efforts to protect the trees and forests in your community," expressed Peter C. Webber, DEM Commissioner. "It's a great honor to have this yet again and it is certainly due to the efforts of the Tree Committee," added Chairman Schaefer.

The board also received notification and a second congratulations from the DEM that the Marion application for Mass ReLeaf has been approved and granted in the amount of \$4,968 for the tree-planting project at Sippican School.

At 7:15 pm Chairman Schaefer called to order the continuation of a public hearing upon a request for an entertainment license at the Sugar Shack which began last week.

Police Chief Miller was asked by the board as well as Sugar Shack owner John Sares to compile information and a study on the measurement of decibels (dB) to determine a limit to be set on the license if it were to be granted.

Chief Miller provided the board and those in attendance with a detailed study he had found through research detailing examples of decibel (dB) levels stating that a car registers approximately 70 dB, a motorcycle is 90 dB, busy traffic ranges in the 70s and other common analogies such as vacuum cleaners which range at 70 dB, a mixer at 70 dB, noisy restaurant is 80 dB, an alarm clock is 80 dB, and a screaming child is estimated to be 90 dB.

Chief Miller reported that after conducting his own traffic study and noise level study at the Sugar Shack with his own decibel meter, he determined the passing

traffic to be in the range of 70 to 75 dB's at approximately 10:00 am last Friday.

While inside the Sugar Shack, Chief Miller had Mr. Sares turn up the stereo "to a limit where no one would want to have coffee to ... it was unbearable with the doors closed — no sound could be heard outside of the building," reported Chief Miller. Inside the decibels measured between 80 and 85 dB's with the stereo at its highest level.

The board determined that it was necessary to take both the concerns of noise and traffic from concerned residents — as well as the fairness of allowing Mr. Sares to operate his business within the means of guidelines presented — into consideration when making this decision.

After lengthy discussion between all three members of the board, with interjection from Chief Miller and Mr. Sares, the board agreed to grant the entertainment license to the Sugar Shack with stipulations that will set the future framework for other similar applications, limiting the Sugar Shack to its current hours of operation from 10:00 am to 11:00 pm, a maximum of 84 dB's not to exceed within 75 feet of any perimeter around the building, from the playing of a radio, jukebox, amplifier, instruments and vocal music with no more than four players at a time. The terms of the license will be effective until December 31, 2000 — at which time a reapplication will be necessary.

At 7:40 pm the board met with Town Clerk/Treasurer/Tax Collector Debra M. Blanchette for the signing of notes before unanimously voting to adjourn for the evening at 7:45 pm.

board was reminded that they have a scheduled meeting with the Planning Board on April 25 to discuss a proposed "Building Cap" in town.

Chairman Cutler also announced that he received a phone call from Senator Marc Pacheco advising that the town had been awarded a \$75,000 matching grant to purchase property on Rounseville Road — a move he described as "very good news" for Rochester.

The board then unanimously voted to sign and approve payment of \$52,500 to the architectural firm of Dyer/Brown for design plans on the Police/Communications Building, and also unanimously approved a Loan Resolution for the Police/Communications Building in the amount of \$1.050 million for the pending project.

Under the Town Administrator's report, Mr. Huntoon said that he will be selecting one of two firms to proceed with establishing a Compensation Plan for town employees. Mr. Huntoon is waiting on further information from one group based in Massachusetts and is also considering the Massachusetts Municipal Association (MMA). "I'd like to have (the Compensation Plan) ready for May 19 so we can vote on it at the Annual Town Meeting," Mr. Huntoon said. "I'll make a recommendation ... next Monday."

Mr. Huntoon informed the board that they recently signed the paperwork for a Farmer's Loan Group loan which was spearheaded and organized by Town Treasurer John Hall. The board asked that a letter of appreciation be drafted and put in Mr. Hall's file for his efforts.

Lastly, Mr. Huntoon noted that he has submitted preliminary job descriptions to all town employees and department heads, asking them to supplement these descriptions as needed. This information will be used to set the aforementioned Compensation Plan and will be

passed along to the selected firm to determine job responsibilities.

Under incoming correspondence, the board received a letter from State Representative William Straus advising that the state Department of Environmental Management (DEM) has approved the use of funds returned from the Dam Project for the purchase of a fish counter for local herring. This information has also been forwarded to the Herring Wardens in Mattapoisett, Marion and Rochester.

Massachusetts District Highway Director Bernard McCourt sent a letter to Police Chief Walter Denham advising that "No Parking" signs will be posted on Route 58 near the intersection of Route 28 in Rochester as per Chief Denham's consultation with District Traffic Engineer Robert L. Gregory.

The Massachusetts Department of Housing and Community Development sent notification that a second round of funding in their "Soft Second Loan Program" (SSLP) is now taking place with up to \$2 million in SSLP funds available.

Thirteen-year-old Rochester resident Matt Milka sent a letter to the board requesting that they consider starting a football team for the tri-town area specifically geared to tri-town residents in junior high school (since ORR Junior High doesn't have one). Although the board applauded young Mr. Milka's efforts to kickstart such a team, they didn't feel it was appropriate for the town to organize such an entity. "I don't think the board wants to start a football team," Chairman Cutler said. "Athletic activity should be coordinated through a Recreation Department ... or school."

The board agreed to draft a reply to Mr. Milka and suggested a copy of his letter be forwarded to ORR Junior High School and/or School Superintendent Betty Quinn.

Edward J. Haggerty and Wendy Roth of Pocasset sent notification to the board that they plan to purchase property located at 1 Smith Lane in Rochester on or before May 3. They plan to keep the property under its present Chapter 61B classification, restricted to recreational use.

Safety Officer William Chamberlain sent a memo to the board regarding a recent meeting held on April 10 to discuss gravel pit operations in Rochester and increasing truck traffic in town. According to Mr. Chamberlain's report, the discussion focused on "the number of trucks, the trucks speeding, school bus hours, and the condition of Walnut Plain Road between High Street and Alley Road."

Residents expressed concern over this issue, and several recommendations were made, not least of which was to ask the Board of Selectmen to do all within their power to see that the section of Walnut Plain Road from High Street to Alley Road be "reconstructed as soon as possible." The board agreed to forward this information to both Highway Surveyor Jeff Eldridge and the Finance

Committee (FinCom) for their input.

Police Chief Walter Denham sent a copy of his posted memo to department members advising that starting August 12 vacation time may not be taken in order to provide adequate coverage during the town's week-long Millennium Celebration. Though some details are still pending, Chief Denham noted the following key events which will require additional shift coverage: a town parade on August 12; a town picnic on August 13; a Classic Car Cruise at Plumb Corner Mall on August 14; a block dance on August 15; a softball game on August 16; a Woodsman competition on August 18; a County Fair on August 19; and a Muster and Bonfire on August 19.

Under Old Business, the board asked for an update on the selection of a Town Planner. Mr. Huntoon noted that he plans to meet with the most qualified candidate of the last three-candidate batch this week (she had asked for a delay in consideration due to medical reasons). Selectman Ryan suggested that the Planning Board be asked at their next meeting to provide their input and recommendations as to what they are looking for in a Town Planner. Mr. Huntoon said he would send them a memo prior to their upcoming April 25 meeting.

With regards to a request last week from ORR senior and Marion resident Andrea Caron for assistance with her upcoming participation in the Sound of America Chorus, the board noted there were no available funding sources and they agreed to send her a letter of support in her endeavors.

After recessing briefly at 6:45 pm, the board reconvened at 7:00 pm and then unanimously voted to go into Executive Session to consider two grievances filed by the Rochester Police Brotherhood with regards to filling certain shifts. The members of the police union requested the matter be discussed in Executive Session as part of the Collective Bargaining process.

Upon returning to Open Session at 7:50 pm, the board commenced a hearing with residents who live off North Avenue and who share a common driveway which is causing some confusion in terms of locating individual homes. The three residences are randomly numbered 180, 152 and 156 North Avenue and Chairman Cutler said this may cause serious problems for police and fire personnel.

"We have skinny little strips of land (off) North Avenue which have been declared a 'common driveway,'" he said. "They usually base the address on the driveway ... which has frontage onto the property."

Thomas and Sandra Cullen of 180 North Avenue wanted to know what could be done. "The Building Inspector wanted to make (my land) a common driveway," Mr. Cullen said. "It passed before the Board of Appeals, but the naming process was left up in the air."

Chairman Cutler advised that they first need to come up with a reasonable name for the common driveway and then need to renumber the homes so they are in order and easy to locate.

Upon a suggestion from Mr. and Ms. Cullen, the board unanimously voted to name the "common driveway" linking the three homes as "Duhamel Drive" with the sub-posting "Private Driveway," and also voted to request Building Inspector Bob Francis to renumber the three properties in sequential order. Mr. Huntoon suggested the residents contact Highway Surveyor Jeff Eldridge about preparing a proper street sign to be posted off North Avenue.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:16 pm.

### Letter to the Editor

To the Editor:

To the citizens of Marion — Seven fifth graders and their volunteer coaches have made Marion proud by overcoming a fiercely competitive field and winning the state championship in one of the country's premier brain game events, the OM/Destination Imagination problem-solving challenge. In mid-March the Sippican team won the regional competition at Chatham High School, where the word got out that Sippican was the team to beat at the state finals.

This particular OM problem requires teams to design and build efficient structures from pasta with the ability to bear as much weight as possible. The team also must perform improvisational routines, and write, produce, stage and perform in theatrical skits. All of the required elements must work to address a predetermined set of criteria or "the problem."

At the regional competition, Sippican stunned both judges and competitors alike with their exquisite structure and display of creativity and talent during the performance of their skit. When the team arrived at the state finals, it was evident that their reputation had preceded them. The team from Marion had set the standard to be surpassed in order to win the right to compete in the world championship. During the state championship event, the Sippican team remained consistent in their creativity, team cooperation, ingenuity, and stamina to win the state title by a wide margin. They have now set a course for Iowa.

The world competition takes place at the Iowa State University campus in Ames, Iowa on May 24-27, 2000. Fifteen countries and most states are sending their champions to participate and compete in this gala event.

area — will be announced in our May 25, 2000 issue and each winner will be the subject of a short feature highlighting their contributions to the local community. But *The Wanderer* needs your help in selecting these "unsung heroes."

The requirements are simple. Nominees must be legal residents of Mattapoisett, Marion, or Rochester (at least five years), and must have contributed in some way to the overall benefit of the community — either directly to town residents, or indirectly through efforts in promoting town activities, or working to keep the wheels of local government well-oiled. The only restriction is that these persons cannot benefit from their efforts in any other way — either financially or politically (hence, sitting elected officials are not eligible).

In doing this, we hope to applaud those who are rarely recognized for their countless hours of service and focus on the many people "behind the scenes" who remain otherwise anonymous but provide crucial support to many town functions. Like the keel of a ship which keeps the vessel from capsizing, the recipients of the Annual *Wanderer* Keel Award will be recognized for their stalwart efforts in keeping the community on an "even keel."

Past recipients of this honor have been:

- **MATTAPOISETT** - Maurice "Mudgie" Tavares (1994); Priscilla Alden Hathaway (1995); Norma Holt (1996); Gale Hudson (1997); Kenneth Stickney (1998); Clara Morgan (1999).

- **MARION** - Claire Russell (1994); Ralph and Phyllis Washburn (1995); Annie Giberti (1996); Jay Crowley (1997); Tyler Blethen (1998); Olive E. Harris (1999, posthumously).

### Forest Fire Safety Approved

State Representative William Straus (D-Mattapoisett) announced today that the House passed a proposal of his that would appropriate \$100,000 to initiate a prescribed burning program to be run by the Massachusetts Department of Fisheries, Wildlife and Environmental Law Enforcement in the state forests.

The Nature Conservancy, a private non-profit organization that has maintained an active fire program in Massachusetts for more than a decade, will equally match these funds.

This vital program, which is already in existence in many other states across the country, will benefit more than 120,000 acres of forest in the Commonwealth by helping to reduce accumulated fuel loads that threaten public safety as well as restore the natural process that

maintains many of our natural habitats.

"I offered this proposal because of the ever increasing public hazard posed by forest fires in our wooded areas of Southeastern Massachusetts where the state owns thousands of acres," said Representative Straus. "We have been fortunate over the last twenty years, but there is a real need for controlled burns to limit the scope of future forest fires and their danger to the public and the environment," he added.

"I am pleased that the House approved the funding and congratulate the private Nature Conservancy for committing over \$100,000 of its own money to the joint effort with the state."

"I'd like to commend Representative Straus for his leadership on this important issue," said Bob Durand, Secretary of Environmental Affairs. "The program will be an attempt toward reducing the threat to public safety caused by fire and maintain the diversity of our forest habitats in Massachusetts."

The measure was approved as part of the Fiscal Year 2000 Budget and now will be taken up by the State Senate.

June Millett, State Grange Musician & Pomona Lecturer, read a short history of the Rochester Grange and then had Edith Lizotte escorted to the Altar. She was joined by her husband Leo and daughter Lorna. After reading a short biography, Master Christine Day and Deputy Herbert LaFleur awarded Edith her Golden Sheaf Award. A letter of congratulations from State Master Kathleen Peterson was also read. Sister Day then pinned a 50-year jewel on Edith. Brother Lafleur was pleased to announce that Florence Taylor had received her Golden Sheaf Award at her home before the meeting. She also received a 50-year jewel and a letter from the State Master. Three Past Masters were in attendance for her award — Paul Ouellette, Herbert LaFleur and Susan Lafleur.

Golden Sheaf Certificates are awarded by the National Grange to every Granger with 50 years of continuous membership. A count taken during the evening showed seven Golden Sheaf members in the hall. Rochester now has 11.

Mr. Jay Ryan, Principal of the Rochester Memorial School, was also escorted to the Altar where Grange Master Christine Day, joined by June Millett, who is a Grange representative to the organization "Mass Agriculture in the Classroom," presented him with a video and lesson plans of agriculture throughout the state. He thanked the Grange and said that it would be used at the school. "Mass Agriculture in the Classroom" is an organization which promotes agriculture for students

### WHY LENDER NEEDS APPRAISAL?

You'd think that a sales price determined by informed buyers and sellers in an open market would be the best index of value. Yet this is not always the case as far as lenders are concerned. To lenders, property represents only one thing -- security -- the ultimate recourse in the event a borrower fails to repay a mortgage.

Consider what would happen if a lender valued a real estate parcel at \$100,000 and made an \$80,000 loan based on that judgement. If the loan was not repaid, the lender would sell the prop-

erty at foreclosure, a process which in itself is costly and time-consuming. However, if the property could be sold for only \$60,000, or any value less than the mortgage balance and the cost of foreclosure, the lender would have a loss.

To limit such risk, lenders want a precise but conservative estimate of value before making a loan. To determine the right numbers, an appraiser satisfactory to the lender will be hired to value the property.

## Animal Advice

### Jay Gould, DVM

#### What are heartworms?

Heartworms are actual foot long worms that develop in the hearts and arteries of the lungs of dogs as well as cats and ferrets.

#### How are they spread?

Mosquitos spread heartworms from infected dogs to other dogs by transmitting larva found in the blood called microfilaria.

#### Are heartworms serious?

Unfortunately yes. They impair the function of the heart and lungs and may kill the dog if they are not treated.

#### How can they be prevented?

Your veterinarian will check for heartworms with a blood test and then place your dog on a daily or monthly medicine that will kill the microfilaria that were injected into your dog by a mosquito.

Past Masters in the hall were escorted to the Altar where a short candle-lighting ceremony was held to honor the Grange, its many members, as well as the future. Past Masters present included Paul Ouellette, Herbert LaFleur, Susan LaFleur and Christine Day. Also recognized were Past Lecturers Elizabeth Gonneville and Lucille Goodwin.

A very fine and entertaining musical program was furnished by Art Tebbetts, who played guitar and sang. Many of the songs became a sing-along. Besides Rochester, five other area Granges were represented at the evenings festivities which ended with anniversary cake and ice cream. The members of Rochester Grange look forward to its 100th Anniversary and invite anyone interested to come and visit on the second Wednesday of each month.

## Why Your Homeowners Policy MUST be Reviewed

Your home is perhaps one of your biggest assets. It logically follows that the act of insuring it and your valuable possessions must be handled properly.

### Having a Policy is Not Enough

Simply having a policy in place may lead you to believe you are adequately covered. In most cases, analysis will uncover glaring gaps in your coverage. Gaps which could cost you hundreds of thousands of dollars at claim time.

### Know What You Are Missing

Coverages such as Ordinance or Law, Earthquake, Valuable Items Schedule, Umbrella Liability and Temperature Change coverage are all items you need to fully understand.

To learn more, call the insurance professionals at G.P. Durette Insurance Services, Inc.. Their expert staff will analyze your personal situation to make the best possible presentation of coverages and aggressive pricing available.

### Don't Wait Until it's Too Late

Insurance cannot replace your memories. Done properly, it can help you make new ones. Don't delay. Call today.

## Dressed to Kill

BY ROB GONSALVES

local@wanderer.com

■ **American Psycho.** Starring Christian Bale and Chloe Sevigny. Directed by Mary Harron. Running time: 102 minutes. MPAA rating: R. At Cinema 12 at the North Dartmouth Mall and Flagship Cinemas in New Bedford.

American Psycho arrives on movie screens as a brilliant second draft — the work of art that Bret Easton Ellis' notorious novel should have been. Even those of us prepared to give Ellis the benefit of the doubt were appalled by such passages as the following (warning: do not read the next sentence if you are easily offended):

"It was cool this morning but seems warmer after I leave the office and I'm wearing a six-button double-breasted chalk-striped suit by Ralph Lauren with a spread-collar pencil-striped Sea Island cotton shirt with French cuffs, also by Polo, and I remove the clothes, gratefully, in the air-conditioned locker room, then slip into a pair of crow-black cotton and Lycra shorts with a white waistband and side stripes and a cotton and Lycra tank top, both by Wilkes, which can be folded so tightly that I can actually carry them in my briefcase." Truly the stuff of nightmares.

Ellis' real downfall was that he envisioned a sprawling, Dostoyevskian architecture but lacked the skill to draft it; he is a serious novelist but a terrible, monotonous stylist. Mary Harron, who directed the adaptation, deftly takes over; she tidies up Ellis' blueprint, builds the house, and makes herself right at home. The script, which Harron cowrote with Guinevere Turner, couldn't be more succinct — it hums right along, from one thing to the next. An axe murder that takes Ellis 217 dawdling pages to get around to, for instance, appears a brisk half hour into the film.

That axe murder, along with the very few other slayings that survived the book-film odyssey, occurs safely offscreen; Harron's film isn't about gory special effects, but about the rage and contempt that fuel murder (and, not coincidentally, the corporate world). The slowly fragmenting protagonist, Patrick Bateman (Christian Bale), may voice his desire to stab a woman to death and play with her blood, but we don't have to look at him doing

it. When Patrick, a corporate Jekyll by day and a rabid Hyde by night, invites a pair of prostitutes to his ritzy apartment and does unspeakable things to them with a coathanger, the episode is left to our busy imaginations (which conjure up greater horrors than a film is allowed to show).

Christian Bale, a Welsh actor best known here for his childhood performance in *Empire of the Sun*, affects a hilariously smarmy American drawl that's part Casey Kasem, part Rod Serling. Having

the time of his life every second of the way, Bale grabs onto this largely hollow role and pumps it with all the diabolical charisma it can hold. Nature has also gifted Bale with an amusing little V-shaped crease that bisects his brow whenever someone pops Patrick's bubble of superiority. When a colleague dares to have a more elegant business card than Patrick's, out comes the V-crease; the axe soon follows. Harron has recast American Psycho as a comedy about the fragility of masculinity, and Bale cheerfully plays the sap for her.

Following Ellis' ambiguous narrative, Harron steers the audience through some eleventh-hour curves, and in one instance the ravishing set design works against her: the sameness of the yuppie apartments is so satirically thorough that those who haven't read the book in a while (or at all) may be confused by a key scene involving a borrowed apartment and a real-estate broker. Patrick may come apart, but Harron holds things together; like Ellis, she toys with the wishful theory that Patrick's atrocities may all be imaginary — the foul whimsies of a bored yuppie — and when Patrick's secretary (Chloe Sevigny) discovers his notebook filled with feral doodles of torture and murder it's almost Harron's way of sneaking in the book's gallery of horrors through a side door. But in the end, as in the book, we are reminded: "This is not an exit." Even if Patrick didn't commit all these crimes, so what? Others have; others will. American Psycho is a hot-blooded comedy that leaves a chill in its wake.

The Mattapoisett Museum and Carriage House's special summer exhibit this year will focus on the early modes of transportation in the area such as trains, trolleys, steamers, buggies, wagons, and the like. If any residents have any memorabilia that might add to the exhibit, please call the museum at 758-2844 and let them know what you have. They are looking for old photos, maps, time-tables, train or trolley memorabilia such as tickets, lanterns, clothing, and the like. This summer's exhibit will encompass the entire museum since they have a fine collection of transportation-related items in the Carriage House portion. So, dig out that old engineer's cap and give them a call!

# This Week's Horoscope

by Linda Black

**Aries (March 21-April 19).** You're lucky, so don't procrastinate. Take care of a personal matter with a partner or attorney.

**Taurus (April 20-May 20).** Take care of old business and clean up everything you possibly can. The sun will come into your sign soon.

**Gemini (May 21-June 21).** Friends need your support. Help them figure out what to do next. Get practical and get as much work done as possible.

**Cancer (June 22-July 22).** You could get slightly frazzled. You should calm down soon, though. You may be in the mood to work, so set it up.

**Leo (July 23-Aug. 22).** You may be in a good mood. Getting work done will be hard — but worthwhile. You could have some good opportunities during the next few weeks.

**Virgo (Aug. 23-Sept. 22).** By now your money matters should be pretty well figured out. Wrap up any loose ends so you can take a vacation.

**Libra (Sept. 23-Oct. 23).** If you have partnerships or legal matters that need attention, do them. Don't wait any longer.

**Scorpio (Oct. 24-Nov. 21).** Check as many items as you can off your list so you'll be free to do other things. You'll become more interested in partnerships.

**Sagittarius (Nov. 22-Dec. 21).** Be careful. Reality may rear its ugly head. You'll have lots of work, through the end of the month, so be prepared.

**Capricorn (Dec. 22-Jan. 19).** Your home and family are important to you, so you can entertain. You'll want to have loved ones around for the next four weeks, at least.

**Aquarius (Jan. 20-Feb. 18).** So many interesting things going on, so little time! You may decide to fix a few things around the house during the next few weeks.

**Pisces (Feb. 19-March 20).** You have probably thought a lot about money for the past few weeks. Put as much as you can into savings.

**If You're Having a Birthday This Week:** A partner is handy to have, especially this year. Besides companionship, the two of you could strike it rich! Save up your pennies, and you may be able to take another honeymoon.

shoes! The Fairhaven Office of Tourism has scheduled its spring series of "Fairhaven on Foot" walking tours, which highlight the history and attractions in the town. The first three tours of the series take place on Saturday afternoons, with the fourth (Riverside Cemetery) scheduled on Sunday. All tours start at 2:00 pm and are all free-of-charge.

- Saturday, April 29 at 2:00 pm - "Twenty-Acre Purchase" Tour. The tour starts at the beginning of the Phoenix Bike Trail, corner of Main and South Streets. This brand new tour focuses on Main Street, Middle Street, and Water Street from 1760 to the 1850s. Revolutionary privateers, whaling days, Union Wharf, and the childhood of H. H. Rogers are among the topics of this 90-minute walk with guide Christopher Richard.

- Saturday, May 13 at 2:00 pm - Fort Phoenix Area Tour. The tour starts at the Hurricane Barrier, Fort Street. The Revolutionary to Civil War fort, Palmer's Island Light, painter William Bradford, and the area that was H. H. Rogers' estate will be discussed. The tour lasts about 75 minutes. As an added attraction, colonial era guides will be at the fort throughout the afternoon in honor of the 225th anniversary of the first naval battle of the American Revolution. Guide will be Sandy Main.

- Sunday, May 28 at 2:00 pm - Riverside Cemetery Tour. Take a 90-minute stroll through this lovely rural-style cemetery, which was created in 1850 by the grandfather of President Franklin Delano Roosevelt. Burial places of the Delanos, H. H. Rogers, Captain
